New Members: Welcome Aboard Flight 315!

We received the plaques this past week of our **past Commanders**. They sure are beautiful! On behalf of Colonel Cook and the entire 315 Airlift Wing family, I would like to thank the 315 Alumni Association for all the work that all of you do. Your generosity in helping us with this project is much appreciated and is a testament to the fine and outstanding members that make up the Alumni. Once again, please accept our heartfelt thanks for your gift. Have a good day and don't hesitate to contact me if I can be of assistance to you or the Alumni Association. *Wing Historian*

Alumni Records: The alumni association is an outreach program of the 315th Airlift Wing/Public Affairs, Charleston AFB. Military directives do not allow us to give our emails or anyone's address publicly, but information is used within the alumni association members, to disseminate information between members and/or if a member request locator of an association member. The Alumni Association operates under approved By-Laws and the Officers do everything to protect the association military member's interest. Now, with nearly 1000 Airlift Wing members, we are a bit overwhelmed at the success of the association. An elite group of the best troops and civilians devoted to the military service of our nation. Hope this help answer your concerns about membership records and your association. A copy of the alumni By-Laws is available to members upon request or can be printed from www.afrc.af.mil/315aw/315.alumni.htm

Alumni Mini-Model C-17 Contributors: A special "Thank you" to all wing associates and alumni for caring that the military remains strong and committed through projects of this kind. ***If you have not responded, it isn't too late. The list of contributors keeps growing...thank you.***
